

Hello Year 5!

Here are your tasks for the next couple of weeks!

- I would like you to complete 'Passport in Time: The Ancient Greeks' by researching the elements you will see in the pack. This should be a fun way to combine all the learning we have done about this amazing topic.
- Also, I have included an Ancient Greek board game just for fun! You can even create your own similar board game.
- Another task I would like you to complete is an art task! I would like you to design your own mythological creature. You can draw or paint these and a bit of research on Google into different kinds of Ancient Greek mythological creatures should give you some inspiration! Here is Medusa:

- There is also an English Easter pack that I would like you to complete. I have included answers for parents to check or help if you are struggling with any part.

Finally, I would like you to choose 3 of the following projects to complete (you can do more if you wish!)

- Research a legend/myth
- Create a Trojan horse (model or drawing)
- Create a mosaic
- Create or draw a Greek mask
- Create your own papier mache Greek vase
- Paint, sketch or draw Ancient Greek buildings (search Ancient Greek architecture)
- Create your own Pandora's Box
- Create an Ancient Greek Olympic poster/leaflet
- Research a famous Ancient Greek person
- Write a newspaper report about a Greek God story
- Make a Greek shield/helmet
- Write an A-Z of Greece
- Create a travel brochure about Ancient Greece

Have fun completing these projects! Have a happy and safe Easter.
Thank you to you and to your parents,
Mrs Brownsword.
