

Just a note to say...

Year 6

06.04.20

Dear Year 6,

We hope that you and your families are all okay and doing well, it certainly has been an unusual couple of weeks! We hope you have been able to keep busy during this time keeping your brains and bodies' active, getting lots of fresh air and spending time with your families.

Firstly, we wanted to remind you of the work you can be doing to keep your minds active and working hard during this time:

(If you haven't already done so) Work through the arithmetic, reasoning, SPAG and reading practise papers we have given you in order to keep practising these important skills.

Read your book(s) – you should be reading for at least 20 minutes **every day**.

Log onto Times Tables Rock stars regularly to practise times tables facts – new battles have been added (Web address: <https://trockstars.com/>).

Work through the list of activities all related to our topic 'Groovy Greeks'.

Keep physically active by exercising at home. Joe Wicks has posted some excellent 'PE with Joe' workouts on his YouTube channel (<https://www.youtube.com/user/thebodycoach1>).

Secondly, now that we have reached (what would normally be) the Easter holidays, we wanted to give you some Easter-themed activities to be getting on with, including:

Read 'The Easter Story' PowerPoint to remind you of the real meaning behind Easter, and use the information from the story to complete the 'Story Of Easter Storyboard Activity' (this contains bronze / silver / gold versions of the task).

Complete the 'Easter Story Reading Comprehension Task' by reading the story and answering the questions. There are bronze / silver / gold versions of the story and the questions, and each set of questions comes with answers so you can check your work.

Complete the 'Easter Chocolate Mystery Maths Investigation Activity', using all of your excellent maths skills. There are answers for each activity so you can check your work.

Create an Easter card using the step by step instructions and video guide in the PowerPoint.

Create an origami Easter bunny.

Create an Easter themed basket to store all of your Easter goodies.

Create Easter themed cone animals.

Create an Easter chick paper model.

Design your own Easter Egg.

Enjoy some Easter themed mindfulness colouring.

You will find all of these activities available to download alongside this letter on the school website. Do remember to also spend time relaxing with your lovely families and getting outside in the fresh air. We'll be in touch via the school website to give you some more activities to be getting on with after the Easter break, so until then stay safe – we miss you all very much!

Speak to you soon,

Mr Maguire and Mrs Hollins.
