

**Year 5**

**Class Letter—Week Beginning 06.07.20**

Hello Year 5!

Another great week last week seeing you all on Teams and hearing about what you have been up to! We shared our thoughts on our mental wellbeing and focused on what we can and can't control in our lives during these unusual times. We also had a fantastic RE lesson about the persecution of the apostles. You are all doing amazingly well and I am so proud of you!

This week, in your work pack you will be focusing on reading comprehension as well as compass points in geography. I would also like you to think about Arts Week and Achievement Day too.

During our online teams meetings, we will be looking at arithmetic in maths on Tuesday, responsibilities in RE on Wednesday and relative clauses in English on Thursday.

Can't wait to see you there! Keep up all of the hard work!

Mrs Brownsword x
